Rodney Goldenberg
Principal

In order to guarantee proper placement into MVHS's Math program next year all new MVHS students must take a pre-assessment math test. MVHS is offering opportunities for students whose previous school is not a VUSD middle or high school (private schools, charter schools, home schooled, or from another district) to take the pre-assessment test on our campus prior to registration.

The two testing sessions will be held at 6pm on April 12 and 13. To prevent overcrowding in either session, we ask that families come to the session below based on your last name. However, if it is impossible for you to attend the assigned session, please feel free to come to the other session.

If you have any questions or conflicts, please contact Mr. Goldenberg by email at splackem@vusd.k12.ca.us

A – G	April 12	6:00 p.m.
H – Z	April 13	6:00 p.m.

Location: Library

Students must be enrolled before registering for classes on April 28th. We will have office staff available to accept enrollment documents while your child is taking the math test.
